November 3 and 4, 2007

Management of Spine Disorders 2007

Bridging The Gap in Patient Care

We invite you to take part in one of the most comprehensive twelve hour seminars to be offered for the Chiropractic Physician desirous of being a better spine specialist. Through the guidance of some of the most respected people in the chiropractic and medical profession, this seminar offers an up to date look in spine care and the benefits of using a multi-disciplinary approach to that care.

We will offer you a look at patient care from the perspective of different specialties preparing the chiropractic physician to better relate to other spine specialists, so that in your everyday practice, you will be able to manage more complicated cases.

The topics will be presented by eight speakers, with various specialty training including experts in chiropractic, neurological and orthopedic spine surgery as well as radiology. It is our intent to provide you with the most well rounded seminar learning experience you may have ever experienced while enjoying the comfort of The Bertram Inn & Conference Center.

Consider inviting a colleague or bringing your family. The Bertram Inn & Conference Center, located in Aurora, Ohio is one of the areas finest resort locations. During your stay at the center, you will find all the best amenities and we urge you to visit their website for a closer look: www.thebertraminn.com We look forward to seeing you there.
